VETERAN BEASLEY DIES ON EVE OF RE-UNION

George R. Beasley, aged 77 years, died suddenly at his home on Zetterow avenue last Friday evening, following an attack of paralysis the day before. As the body lay in stillness at his home, a small number of his comrades of the sixties were holding their annual Memorial exercises in Statesboro, after which they went in a body to the home to pay respects to the departed one.

The burial was at the family burial ground east of Statesboro at noon Sunday, following services at the home. A large number of Statesboro people were present at the burial and the large assembly denoted the high esteem in which he was held. Deceased is survived by his wife and three daughters and four sons, besides a large circle of relatives and friends.

ARE YOU HAPPY?

To be happy you must be well. If you are frequently troubled with constipation and indigestion you cannot be altogether happy. Take Chamberlain's Tablets to correct these disorders. They are prompt and effectual, easy and pleasant to take.—adv.

WHEN WE SHOW THE SHOES We have repaired to the owner he hardly believe the are the same delapidated pair he brought with much skepticism as to our ability to repair them. Al we have to say is: Don't throw away any old shoes until we have passed upon their reparability. Shoes are too expensive these times to be bought it not necessary. Our repairing very often saves the price of new shoes.

PLAY AT BROOKLET.

"Home Ties," a rural play in four acts, will be presented at the Brooklet school auditorium Friday night, May 9th, at 9 o'clock, by the Brooklet Dramatic Club.

This play was written by Arthur Lewis Tubbs, and is considered one of the best plays he has written. Martin Winn, with memories of the past, and Leonard Everett, a son of the soil, are considered as the serious characters, while Mrs. Poplin, who has "sympoms," Lidy Jane, who "helps round," and Josiah Lizzard, an umbrella mender, furnish laughter all through the play.

This play has nine characters and every one is important. The proceeds of this play will be for the benefit of the school.

LAWYER BADLY BEATEN BY EX-DEPUTY SHERIFF

TROUBLE DURING LATE TERM OF COURT ENDS IN PERSONAL DIFFICULTY.

Hinton Booth, attorney, is confined to his home as a result of injuries inflicted by former deputy sheriff, J. T. Jones, on the street near the Rountree Hotel last Monday morning.

The trouble between them was the direct outgrowth of an incident which occurred during the trial of a case in superior court last week in which Jones was party to a civil suit where-in Attorney Booth represented the other side. In the course of his testimony, Jones applied the word "lie" to a statement made by the attorney.

Judge Hardman ordered that Jones be remanded to jail and imposed a fine of \$25 for contempt of court. The hearing of the case was later resumed when Jones came before the court and made apologies.

Monday morning as the attorney was on the way to his office he passed the boarding place of Mr. Jones at the Rountree Hotel. The two gentlemen disagree as to the starting of the trouble there. Jones' statement is that the attorney tauntingly saluted him as a "jailedbird," and thus provoked the difficulty. This the attorney positively denies, and asserts that he not only did not call him a "jailedbird," but that he did not speak to him at all, and that the attack was unprovoked and unlooked for.

Those who first saw the difficulty seem to agree that they were attracted by the outcry of the attorney for help, and that he was upon the ground with Jones astride of him and pummeling him with his fists. Before bystanders could separate the men, the attorney was bleeding profusely from wounds in the forehead and on his cheek. Blood spots also covered the sidewalk for a considerable space.

Both went direct to the office of Dr. Mooney who dressed his injuries, after which he went home where he has remained since. The same evening a warrant was issued charging Jones with assault with intent to murder.

Due to the prominence of the parties, the affair has been the topic of much discussion since.

GROWING DEMAND FOR PUBLIC ACCOUNTANTS

Atlanta, April 29.—The Georgia Board of Certified Public Accountants has announced that examinations will be held on May 21 and 22 next in the rooms of the Tech School of Commerce in the Peachtree Arcade building, in Atlanta. Applications should be filed before May 12, either with Chairman Joel Hunter, Empire building, Atlanta, or with Secretary R. W. Jamison, of Macon. The demand for public accountants is extraordinary at present time, brought on primarily by the new and complicated federal tax law.

TIFTON IS SITE FOR EXPERIMENT STATION

SYLVESTER'S BID IMPRESSED THE BOARD OF TRUSTEES BUT LOST ON FINAL BALLOT.

Atlanta, May 6.—After inspecting on Friday the four sites offered in southern Georgia, the board of trustees of the coastal plain agricultural experiment station awarded the location of that institution to the town of Tifton, which submitted a bid of 204 acres of land and \$25,000 in cash. Announcement of the award was made Saturday by Governor Dorsey, who accompanied the board on its inspection. The other sites offered, with the bids accompanying them, were as follows:

Sylvester, in Worth county, 650 acres of land valued at \$10,000, buildings claimed to be worth \$3,000, uncultivated land about 7,000 ft. free light, and water perpetually, and \$25,000 in cash.

Waycross, in Ware county, 800 acres of land valued at \$20,000, a stockade and water pumping plant and several buildings, no cash.

Baxley, in Appling county, 125 acres of land, free light for five years and no cash.

BANQUET AT JAECKEL FOR FLYING MLN

AVIATORS AND MILITARY MEN ARE GUESTS OF HONOR AT A DELIGHTFUL AFFAIR.

A most delightful occasion was the banquet Friday evening at the Jaeckel Hotel in honor of Lieut. Lem McMullen and Sergt. Smith, of Southern Aviation Field, Americus, and Captain Gates and Sergt. Lamb of Savannah recruiting station. Covers were laid for 85 guests, and the evening was made merry with delightful music by the Statesboro Orchestra.

STATESBORO WORRIES OVER NEW WAR TAX

IS FIVE CENTS THE CORRECT PRICE FOR ICE CREAM CONES, OR SIX?

One of the problems which worries the smaller population of Statesboro as well as the few dealers in ice cream, is whether the correct price for ice cream cones is five or six cents? So far there has been no satisfactory answer, and some charge five and others six cents.

All this comes out of the new war tax on the boarding place of Mr. Jones at the Rountree Hotel. The common understanding was that the tax applied to everything cool, but later it has transpired that possibly only drinks are included and that ice cream, not being a drink in its best state, is free of the tax.

And apparently Statesboro is not by herself in the dilemma. Savannah is puzzled some, too. The Morning News, discussing the matter Tuesday, says:

"Of all the varied and sundry war taxes that have been levied the most curious and discussed is that on soft drinks."

"It might be added that the annoyance caused by this tax is not in any sense an indictment of the patriotism of the people, who simply find it hard to understand and inconvenient to pay, because of the manner in which it is levied upon the small pocket change. Reports from other cities show that people everywhere are puzzling over the same perplexities in the law, which makes food of one class of drinks upon which no tax is collected while the same article served in another form is taxable."

"Thus it is with milk. Why is a glass of milk classed as food when served as natural, and not when it is mixed with an egg?" queries one, and the query is not answered because it is logically unanswerable. If milk is taxed not only does it lose any of its food value but increases its sustaining qualities when mixed with egg, yet the one is not taxable and the other is."

"People need not worry about, but may well be considered as coming under the head of persistent queries to wit: How is the government going to know the amount of taxes collected at soft drink stands? It is presumed, as a matter of course, that all proprietors make honest returns, and some of them are making an honest effort to keep up accurately with the new law, in daily reports and by checking against the amount of tickets. This brings on much labor and pains, but with the best of them there is a deal of guess work, because of the exemptions. For instance, hot chocolate is not taxable while cold chocolate is grapejuice served straight is not subject to tax, but grapejuice served with fizz must pay. Query, what is the tax on the grapejuice of the fizz, or the combination."

"It is observed that no uniform method is employed in keeping up with the tax. At one place the pennies are tossed into a cigar box, and counted up at the end of the day; at another all tickets are levied with a tax, which seems to be the surest way of getting it all, but in this manner some drinks are not taxable under the law may be taxed. At one place, which was formerly a bar, a cash register which had a habit of displaying a signal when each sale was recorded, of "half pint," "pint," "quart," and so on, is being used for the war tax. This register has aroused an interest bordering upon fascination for some of the fond collectors it arouses."

"In some of the larger cities, where the rush at soft drink stands continues through many hours of the day, the confusion caused by the soft drink tax has worked the cashiers and others up to the point of drawing and circulating a petition which will be presented to the next congress asking for the repeal of the law."

Germany pledged itself to repair the wrong done to Belgium and gave assurance of the reconstruction of the territories in northern France.

Count von Brockdorff-Rantzau also asked for the liberation of German prisoners and said that Germany will adopt the league of nations.

GRAND JURY MAKES ITS PRESENTMENTS

COMMENTS PROPOSED BOND ISSUE FOR GOOD ROADS IN THE HIGHEST POSSIBLE TERMS.

We, the grand jury chosen and sworn for the April term, 1919, of the court, beg to submit the following report:

Our attention has been called to the large amount of uncollected taxes and we find from the tax collector's execution docket that a good many large property owners have not paid taxes for 1918. We earnestly urge the officers whose duty it is, to use every means at their command to collect these taxes immediately.

We respectfully recommend to the citizens of Bulloch county the proposed bond issue for good roads to the amount of \$400,000, to be matched by a like amount from the federal treasury, and ask all good citizens of the county to aid in this worthy undertaking.

We beg to commend to the people of Bulloch county the movement for the establishment of a "Memorial Hospital," but owing to the pressing need for money for other things we think it best to postpone recommendation at this session of the grand jury.

We recommend that J. R. Gay be re-appointed as notary public in the 1716th district.

We recommend that R. D. Silla be appointed notary public in the 40th district to fill the unexpired term of G. W. Hendrix, deceased.

We recommend that J. A. Denmark be re-appointed notary public in the 1547th district.

We recommend that J. E. Hodges be re-appointed notary public in the 48th district.

We recommend that V. W. Wilson be appointed notary public in the 1840th district to fill the unexpired term of P. A. Hagins, resigned.

We recommend that Mrs. Martha Strouse be dropped from the paupers' list.

We recommend that the amount paid Mr. Clarke Mixon be increased from \$3.00 to \$5.00 per month.

We recommend that Cindy Lewis (col.) be paid \$3.00 per month, same to be paid to P. H. Cone.

We recommend that the amount paid Mrs. Ella Ballard be reduced from \$8.00 to \$4.00 per month.

We recommend that Handy Everitt (Continued on page 3.)

VERY COUNTY IS AFTER GOOD ROADS

SEVEN HAVE VOTED BONDS ALREADY AND EIGHTEEN OTHERS ARE TO VOTE.

Atlanta, May 3.—A total of \$10,522,000, representing \$3,120,000 already voted by seven Georgia counties and \$7,402,000 of government bonds, is assured for road improvement work in the state during the next eighteen months, according to a statement issued Thursday by Frank Reynolds, president of the Georgia Automobile Association. This amount may be increased to \$16,470,000 during the period of the proposed action in eighteen additional counties where the issuance of good roads bonds is to be voted upon, the statement adds and another \$3,000,000 may be made available for highway improvement by the passage of a bill now pending in the state legislature. The Georgia counties that have already authorized bonds are Bibb, Sumter, Colquitt, Walton, Coweta, Thomas, and Evans, while those where bond elections are to be conducted are Charlton, Murray, Laurens, Hall, Bartow, Pulaski, Spalding, Berrien, Glynn, Jackson, Morgan, Dougherty, Banks, Hardee, Troup, Tift, Lowndes and Bulloch.

THE TEN-DOLLAR CLUB HAS NUMBER OF NEW MEMBERS

Baseball is well on its way in Statesboro, and practices every afternoon are being well attended. More players are coming down in the afternoons—enough so that a scrub game will be played Mondays, Wednesdays and Fridays, and the public is cordially invited to these try-out practices. The team will be well rounded

into shape in a few weeks, and games will then commence. The public is showing its appreciation by joining the Ten-Dollar Club. The new members are J. M. Thompson (Amus Theater), Dan Riggs, A. B. Green, Patrick Bros., Cleve Jones, Westberry Davis, Harold Averitt, A. E. Futch, Terrill Futch, Sidney Smith, G. J. Mays, Hall Northcutt, S. W. Lewis, Aubrey Olliff, E. V. Collins, Will Hagin, Barney Averitt, and Percy Averitt.

Join the Ten-Dollar Club! Come out to practice! Strike three!

CITIZENS CALLED TO BOND MEETING

PLAN ORGANIZATION TO CREATATE COUNTY-WIDE INTEREST IN QUESTION.

The people of Bulloch county are called to meet in Statesboro on Wednesday of next week, May 14th, at 11 o'clock, for the purpose of organizing for the good roads movement.

An election having been called for the 5th of June, the time is short in which to stir up interest. The people who have discussed the matter so far seem almost of one accord in favor of the bonds. But it will require more than simply being in favor of the question—it calls for voters. A majority of the voters of Bulloch county must participate in the election, and two-thirds of those voting must vote for bonds.

MINISTER LEADS IN RAID ON A STILL

REV. WALTER ANTHONY DISCOVERS MOONSHINE STILL IN VICINITY OF ATLANTA.

Atlanta, May 4.—The "moonshine" industry hereabouts has again suffered a setback through the instrumentality of somebody other than one of the Atlanta revenue officers.

Early last week a local civil engineer accidentally stumbled upon an illicit distillery on a Fulton county road. Last Saturday an Atlanta mother directed city detectives to the biggest liquor manufactory discovered in Atlanta in years. And now comes news that a prominent clergyman found time between services today to lead a successful raiding party in DeKalb county.

CALOMEL DYNAMITES
A SLUGGISH LIVER
 Crashes into sour bile, making you sick and you lose a day's work.
 Calomel salivates! It's mercuric iodine. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea. If you feel bilious, headachy, constipated and all knocked out, just go to your drugstore and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a small dose. If it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.
 If you take calomel today you'll be sick and nauseated tomorrow. Besides it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready to work or play. It's harmless, pleasant and safe to give to children; they love it.

Suggestion for a Camp Trip.
 Buy a bottle of Chamberlain's Colic and Diarrhoea Remedy before leaving home. As a rule it cannot be obtained when on a hunting, fishing or prospecting trip. Neither can it be obtained while on board the cars or steamships and at such times and places it is most likely to be needed. The safe way is to have it with you.

LARGE TOBACCO CROP THIS YEAR IN GEORGIA

Many New Markets Will Be Opened In South Georgia.

Although tobacco has been grown in Georgia from the earliest history of the state it has not been grown on a commercial scale until recent years. In 1910 only 2,000 acres of tobacco was grown in Georgia, most of which was grown in Decatur County around Amsterdam, and was cigar filler and Sumatra wrapper types. A great deal of the cigar wrapper tobacco is grown under shade. The largest field of shade tobacco in the world is near Amsterdam, Georgia. In 1914 a few acres of bright leaf, or flue-cured tobacco, was planted around Nichols and Douglas, Ga. Its growth proved successful and the high prices paid for tobacco the past two years has made it a very profitable crop. In flue-cured tobacco was planted, which yielded approximately 4,000,000 pounds of tobacco. The average yield per acre was about 750 pounds, though yields as high as 2,000 pounds were reported. The average price was about 34 1/2 cents per pound, which was much above the normal price.

The damage done to cotton by the boll weevil last year and the high price paid for tobacco are causing a large number of farmers to try their luck with brightleaf tobacco this year. It is estimated that 30,000 acres of bright tobacco will be planted in Georgia. The counties that will have the largest acreage are Coffee, Wilcox, Berrien, Ben Hill, Tift, Irwin, Turner and Jeff Davis.

In 1918 there were tobacco markets at Douglas, Abbeville and Nichols. In addition to these there will be markets this year at Fitzgerald, Tifton, Nashville, Blackshear, Lumpkin, Townsend, Vidalia, Eastman and possibly several other towns.

The best type of soil for bright, or flue-cured, tobacco is a sandy loam with a porous yellow subsoil. Bright has not been grown successfully in North Georgia. There are types of dark tobacco, however, that grow well in the extreme northern part of the State—Edison C. Westcott, Georgia State College of Agriculture.

From May 19th to May 25th, the friends of the Salvation Army will make a campaign to raise money throughout the country. The Salvation Army is a body of men and women organized to do good to others, and have done a noble work for the past fifty years. They are the friends of the "down and out," the "washed-out," the widow and orphan, the homeless and the friendless, and in fact to all of that species of humanity, who are in the ditch; and looking for some good Samaritan to come along and heal his wounds, give him bread and whisper words of kindness in his ear. Thousands of drunkards who have followed the downward path, and landed in the gutter, have been aided and given a new start in the world. Many poor women and little children have been rescued from the slums, and helped along to the better and brighter life. These unselfish apostles of charity, filled with love of fallen humanity, are working day and night, throughout the world, to help those who really need the helping hand. Every dollar contributed by you, goes to a good cause, and is bread cast upon the waters. Remember the date and help them raise the money.

ABOUT RHEUMATISM.
 People are learning that it is only a waste of time and money to take medicine internally for chronic and muscular rheumatism, and about 99 out of 100 cases are one or the other of these varieties. All that is really necessary to afford relief is to apply Chamberlain's Liniment freely. Try it. It costs but 35 cents per bottle. Large size 60 cents—adv.

DRINK CURE INSTITUTES TO BE CLOSED UP

NEW "DRY" ERA WILL HIT HARD BLOW TO INSTITUTIONS NOW A RECOGNIZED NECESSITY.
 Chicago, May 7.—Plans are being made by owners of more than 300 drink cure institutions to discontinue business with the coming of national prohibition, according to officials of institutions here. A few of the places may continue indefinitely as drug cure sanitariums, but a large majority is expected to close within a year.
 James E. Bruce, an official of a drink cure corporation that advertises it has cured more than 600,000 victims of alcohol, said the prohibition wave had for some time caused decreased business.
 "We figure there will be no need for our institutions after the country goes dry," he said. "However, we expect business to increase for a few months right after prohibition becomes effective. But after that it will rapidly decrease."
 "A few years ago we had sixty branches in operation throughout the country. Today we have 35. Drug cases constitute about 25 per cent of our business, the number being about the same as before the Harrison anti-drug law went into effect five years ago. But we do not think it would pay to continue treating drug cases alone."
 "Adoption of bone dry prohibition by a number of states has decreased business in many sections. Business also fell off during the war, but last fall it picked up again at about the time the influenza epidemic and has been fairly good ever since." A grand old one of the oldest chains of drink cures in the country expressed the view their institutions would remain open for at least a year after the coming of national prohibition. He admitted that beyond that the future was uncertain. Two years ago this concern operated fifty branches. Today the number has been reduced to fewer than twenty. He said a few of the branches might continue permanently for drug users who since the passing of the Harrison anti-narcotic law, "are confined largely to the wealthy class and residents of the underworld."

DELIGHTFUL REMEDY FOR LAZY LIVER

His Kidneys Pained Him and Was Up Five or Six Times Each Night. Two Bottles of Drecto Gave Relief.
 "When I first started taking Drecto I could hardly stand up from vertigo and dizzy spells. I had to get up five and six times every night to relieve my kidneys and bladder," says Mr. C. D. Barker, of Nicholson, Ga. "I had not touched a piece of lean meat in five years. I felt tired and worn out all the time. I was a sick man and was scared about my condition, and to add to my other troubles, I fell and broke my left wrist. I was very blue and discouraged, when looking over the Albany paper I read about Drecto and went to the drug store and got a liberal sample from the Doctor, who was giving it out, and, like many of my neighbors, discovered the wonderful virtues of this grand medicine. I got ease and began to improve, and since taking two bottles of Drecto, my dizziness is all gone; pains in my back entirely relieved and I never have to get up during the night as before, but sleep all night, and rise next morning feeling refreshed and hungry for my breakfast."
 "I butchered my hogs recently and am now eating fried sausage every morning, and my kidneys don't bother me at all. Best of all though is my general condition is so much improved that the pains in my wrist have disappeared, and it is much more supple and useful. Drecto is a grand medicine and I'll always praise it."
 Drecto is now sold by all good druggists throughout the country and is highly recommended in Statesboro by W. H. Ellis Drug Co.

Obituaries and Cards of Thanks.
Obituaries not exceeding 100 words and cards of thanks less than 50 words will be published free; each additional word, half a cent. Count the words and send cash with copy.

NO FREE ADVERTISING.

We positively make a charge for our newspaper space for advertising or announcing anything, and every sort of show, meeting, supper and the like where there is an admission charged, or article, sold, or a money consideration in any way.

These things are done for the benefit of either individuals or organizations, therefore, for the newspaper it becomes a business transaction, and a charge is made alike to everyone.

No newspaper can continue to exist and give its space away. We must charge. In turn we will give to the various things, like anyone else, of money, but not of material or advertising space, which is our stock in trade.

No announcement, where there is no money involved, will be gladly taken and given as good attention as announcements where there is a money consideration.

We positively have nothing to give away except money; and in this reference we do not state it jokingly. Every other kind of business charges for the goods on its shelves. When the time comes for contributions, they give their money. That is what a newspaper must give.

News articles of deaths and write-ups of deaths and funerals are not chargeable articles. We charge, however, for cards of thanks. A charge is made for obituaries of more than 100 words.

These rules we are pleased to say, are generally understood in this community, but frequently there are those who send in from other towns and want advertising given to them. We can not give our space away.

KEELEY CURES OUT OF JOBS.

News item from Chicago announces the contemplated immediate closing of 200 drink cure institution throughout the entire country following the operation of national prohibition. Only a limited number of those institutions will be kept open to take care of the drug addicts, it is said.

No stronger argument for prohibition could be offered. And yet there are men who cry out against prohibition. They are the men who are themselves with drink. They stand out for "personal liberty" for men to stay themselves through the drink process while the law throws around them every protection possible to prolong life.

It is nobody's business if I kill myself through the drink route," declares the personal liberty advocate, while yet demanding that his government should exert every effort and shed the last drop of her brave citizens' blood to make the world a safe and decent place to live in.

But it is somebody else's business when a man drinks. It is the business of his family, who are forced to endure association with him when he is unfit to associate with. It is his family's business when he is taken to an untimely grave through the drink habit and they are left unprotected through no fault of their own. It is the business of the innocent victim who may fall at his hands while he is beside himself with drink, and it is the business of society that he shall at all times conduct himself in an orderly and decent manner.

And only a few of the drink cure institutes are to be left to take care of the drug addicts! There is no longer a voice raised for the right of any man to kill himself by the drug habit. Long ago the nation took hold of the question and prescribed how and by whom it should be sold. It is almost impossible for anyone to buy drugs, and yet the personal liberty advocate recognizes the right of the government to hold these restrictions over the traffic.

A glad day is coming. The national dry law will not entirely stop the consumption of liquor, but it will make it harder to get. The fact that the anti-prohibitionists oppose the law is strong enough endorsement of its efficacy.

106 FLYING STUDENTS KILLED IN TRAINING

CASUALTY LIST COMPRISES THE NUMBER KILLED AT THREE OF THE TEXAS FIELDS.

Fort Worth, Tex., May 6.—A hundred and six men were killed at the three big government aviation fields here between November 15, 1917, and the recent close of the aerial activities, according to official figures just made public.

In the same period, the three fields now being closed turned out 1,475 finished aviators, most of whom were sent to the western front. A thousand commissioned aviators were also sent here from other schools to finish their gunnery course at Tullahoma field.

The statistics made public show that during the training period the actual flying hours at Carruthers field totaled 35,000, at Barron field, 25,000, and at Tullahoma field, 32,488.

The tail spin and nose dive were responsible for a large majority of the accidents, according to officers. In the entire training period not a single American cadet was killed on the first solo flight. This is attributed to the thorough instruction in ground work. Three British fliers were killed on solo flights.

While the tail spin and nose dive were chief factors in the fatality list, there were many other contributing causes.

Captain Vernon Castle, the American dance interpreter, who had faced death numerous times over the German lines as a British aviator, swerved his machine sharply to avoid hitting another aviator here. He lacked height for the maneuver, crashed and was killed.

The young son of General Peyton C. Marsh, chief of staff, was killed at the gunnery field while engaged in combat practice at a height of 2,000 feet. The wings of his machine became entangled with those of his opponent's plane.

Captain Robert Isett of Providence, post adjutant at Barron field, fell from the greatest height, 5,000 feet. Two men fell from their planes at great height because of failure to tie themselves in.

THINGS TO LEARN.

Learn to laugh. A good laugh is better than medicine. Learn how to tell a story. A well told story is a welcome sunbeam in a sick room. The world is too busy to care for your life and sorrows. Learn to keep your troubles to yourself. Learn to stop croaking. If you cannot see any good in the world, you are bound to be miserable. Learn to hide your pains and aches under a pleasant smile. No one cares whether you have the earache, headache, or rheumatism. Don't cry. Tears do well enough in novels, but are out of place in real life. Learn to meet your friends. The dyspeptic is not wanted anywhere and is a nuisance as well. Above all give pleasure, lose no chance of giving a smile. A good humored man or woman is always welcome, but the pessimist is constantly destroying pleasure. You will pass through this world but once. Any good thing therefore, that you can show to any human being you had better do now. Do not defer or neglect it for you will not pass this way again.

It is nobody's business if I kill myself through the drink route," declares the personal liberty advocate, while yet demanding that his government should exert every effort and shed the last drop of her brave citizens' blood to make the world a safe and decent place to live in.

But it is somebody else's business when a man drinks. It is the business of his family, who are forced to endure association with him when he is unfit to associate with. It is his family's business when he is taken to an untimely grave through the drink habit and they are left unprotected through no fault of their own. It is the business of the innocent victim who may fall at his hands while he is beside himself with drink, and it is the business of society that he shall at all times conduct himself in an orderly and decent manner.

And only a few of the drink cure institutes are to be left to take care of the drug addicts! There is no longer a voice raised for the right of any man to kill himself by the drug habit. Long ago the nation took hold of the question and prescribed how and by whom it should be sold. It is almost impossible for anyone to buy drugs, and yet the personal liberty advocate recognizes the right of the government to hold these restrictions over the traffic.

A glad day is coming. The national dry law will not entirely stop the consumption of liquor, but it will make it harder to get. The fact that the anti-prohibitionists oppose the law is strong enough endorsement of its efficacy.

Italy to Get Port of Fiume After Two Years

London, May 5.—According to a dispatch to the Exchange Telegraph from Paris, the question regarding Fiume has been settled in full agreement with the Italian government on the basis that Fiume shall remain an autonomous port for two years, when it will be assigned to Italy.

MARRIED GRANDFATHER'S WIDOW ASKS FREEDOM

Knoxville, Tenn., May 6.—Having married the widow of his grandfather, Maggie Sutton, aged 73 years, Henry Timothy Sutton, a youth of 18 years, has sought the annulment of his marriage in Chancery Court here. Sutton testified that he married his wife "under pressure." He gives as a reason for seeking an annulment of his marriage that his wife "is too old and that he never liked her." Chancellor Hugh H. Tate took the case under advisement.

Mrs. Sutton did not appear to make answer to the bill. She is understood to be a non-resident and notice was served by publication. Several witnesses stated that they did not know her whereabouts.

DO YOUR BEST.

Everyone should do all he can to provide for his family and in order to do this he must keep his physical system in the best condition possible. No one can reasonably hope to do much when he is half sick a good part of the time. If you are constipated, bilious or troubled with indigestion, get a package of Chamberlain's Tablets and follow the plain printed directions, and you will soon be feeling all right and able to do a day's work.

INDIGESTION LOSS OF APPETITE

And Similar Troubles Helped by Ziron Iron Tonic, Says Alabamian.

"I got a bottle of Ziron," writes Marshall Rhodes, of Eufaula, Ala., "and took it for indigestion, nervousness, loss of appetite and similar troubles. It helped me very much. My mother-in-law suffered with the same troubles, so I gave her a dose or two of Ziron, and she says it helped her greatly. I will always keep a bottle of Ziron in the house and will speak a good word for it whenever I have the opportunity."

Ziron is a new combination of iron, with the hypophosphites of lime and soda, and other valuable tonic ingredients, which have been found to build up the system, weak, worn-out system. Ziron puts iron into your blood when you need it. If you are pale, weak, nervous, depressed, have no appetite, it is probably a sign that your blood needs iron. Take Ziron. Your druggist sells it, on a guarantee. See him about it.

Breaks World's Record

OKLAHOMA CITY, Okla., Apr. 5, 8 P. M.

WILLYS OVERLAND, Inc.
Toledo, O.

Overland stock car Model 90, number 145135, established new world's record tonight at 7 o'clock, completing seven days continuous non-stop, sealed in high gear run, with a total mileage of 4,370.1 miles. This beats all previous records made by any type or size of cars by 129.1 miles.

No trouble at any time. Engine ran 168 hours without missing an explosion. Encountered two days rain, rough country roads, good and bad pavements, and traffic from twelve to fifteen hours of every 24-hour period.

Most remarkable showing ever made by any stock car. Used team of four drivers working in four hour shifts with observers. Overland 90 averaged 624.3 miles a day and the speed was 26.1 miles per hour. Averaged 20.66 miles per gallon of regular 59 test gasoline. Never changed car-batteries or a spark plug.

Broke all records but engine runs as well tonight as any I ever rode behind. It's gamest car ever built.

SHERIFF DELOACH MAKES VISIT TO FLORIDA PRISON

Sheriff W. H. DeLoach returned Sunday afternoon from a trip to the Florida state prison at Raiford, Fla., where he went the day before with an escaped convict, Tom McDuffie, who was wanted there on a murder sentence. McDuffie was convicted six years ago and given a sentence of 15 years. After only six months he escaped, and for the past three years has been employed in Bulloch county. He had a falling out with a friend who turned him up, and as a result he goes back to complete his sentence. Sheriff DeLoach spent Saturday night as the guest of Supt. Blitch, of the state farm, and speaks high in commendation of the management of that institution.

CHILDREN SERIOUSLY HURT WHEN AUTOMOBILES HIT

Several children of Mr. D. O. DeLoach, of the Sinkhole district, were seriously injured, and barely escaped with their lives in an automobile accident on the public road near the line of Bulloch and Evans counties Sunday afternoon, when the car in which they were riding was struck by a heavy machine driven by Mr. Sumner Denmark.

There was a sharp turn in the road, and the DeLoach family had stopped their machine. Mr. Denmark came upon them without knowing of their presence till it was too late to stop his car. Both cars were badly damaged by the contact, and one of the DeLoach children came near being killed.

Have you ever heard this?

"My baking powder," says the smooth solicitor, "costs less than Royal."

But he omits to say that it often leaves a bitter taste, that food made with it is likely to stale in a day and that it contains alum, which is condemned by many medical authorities for use in food.

England and France prohibit the sale of alum baking powders.

Royal Contains No Alum—Leaves No Bitter Taste

BIRTHDAY DINNER.

On Saturday, April 26th, a number of friends and relatives gathered at the beautiful home of Mr. J. B. Lanier, of Brooklet, and celebrated his sixty-sixth anniversary with a surprise dinner. It was also the birthday of his son, Eddie. Nice baskets were brought by Mrs. C. B. Lanier, Mrs. Jake Ellis, Mrs. Julian Anderson, and the table, which was placed under the spreading oaks and loaded with good things to eat, made a beautiful picture.

During the day many selections on the Edison were enjoyed, Mr. Lanier with his pleasant, genial disposition entertained the guests with jokes.

Many handsome presents show the high esteem in which both are held. His son, John D. Lanier, who has been overseas and who has recently been discharged, is at home, and this happy occasion with all the children present will long be remembered. Besides the children there were present Mr. and Mrs. James Bennett, Mr. and Mrs. D. L. Alderman and children, Mr. and Mrs. James Rushing, Mr. and Mrs. James Denmark, and family, Mrs. Mary Waters, Mrs. J. J. Groover and son.

MAGAZINE SUBSCRIPTIONS.

Bear in mind that I represent all the leading magazines and ladies' publications, and will be glad to send in subscriptions for either old or new subscribers. Please let me have the opportunity to serve you in this capacity. Miss LUCY McLEMORE.

COMMITTEES NAMED FOR BOND ELECTION

COUNTY-WIDE ORGANIZATION IS FORMED TO BOOST THE GOOD ROADS CAMPAIGN.

The following committees have been appointed for the various districts of the county to canvass and create an interest in behalf of road bonds. The day of the election will soon be here, and it is important that every man of each committee go to work at once. This is the only opportunity we have had to match the government's road money dollar for dollar, to an extent commensurate with the county's ability to undertake better roads and highways, and it is very expedient that we get behind this movement and assure its success.

Committee for the 44th District:

L. D. Rushing, J. V. Brunson, H. V. Franklin, Ivy Anderson, M. J. Rushing, S. L. Nevil, C. E. Anderson, J. R. Rimes, H. B. Kennedy, W. S. Anderson, H. J. Atkins, John Powell, G. W. Anderson, John G. Neville.

AMERICAN PEOPLE NOT COIN LOVERS

PRESIDENT WILSON EMPHATICALLY DENIES THAT WE WORSHIP DOLLARS.

Paris, May 13.—President Wilson, in his address today to the French Academy of Moral and Political Sciences, entered a strong disclaimer of the idea that American people were largely materialistic and worshippers of the dollar.

"I have had in recent months one very deep sense of privilege," the president said. "I have been keenly aware that there have been times when the people of Europe have not understood the people of the United States. We have been too often supposed to have been devoted chiefly to material enterprises. We have been supposed in the common phrase, to worship the almighty dollar."

"We have accumulated wealth, sir, we have devoted ourselves to material enterprises, with extraordinary success, but there has underlain all of that, all the time, a common sense of humanity and a common sympathy with the high principles of justice which has never grown dim in the field even of enterprise, and it is because of this that the people of the United States do not interpret the people of the United States to the people of the world."

"I have not done more, sir, I have not uttered in my public capacity my own private thoughts. I have uttered what I have known to be the thoughts of the great people whom I represent. I have uttered the things that have been stored up in their hearts and purposes from the time of our birth as a nation."

It was at this point the president made the declaration that the American people who came into the world consecrated to liberty were ready to cast in their lot in common with the lot of those whose liberty is threatened whenever the cause of liberty was seen to be imperilled.

"This is the spirit of the people of the United States," he continued, "and they have been privileged to send 2,000,000 men over here to tell you so. It has been the great privilege not merely to tell you so in words, but to tell you so in men and material—the pouring out of their wealth and the offering of their own blood."

President Wilson alluded to his studies in the field of political science and of the attempts he had made "to put into the words of learning the thought of a nation, the attitude of a people toward public affairs." He continued:

"As my colleagues in American universities have got their training even in political science, so many men in civil circles did, in German universities, I have been obliged at various times to read a great deal of bad German, and I have been aware that the thought was as awkward as the phrase that the thought was, rooted in a fundamental misconception of the state and of the political life of peoples. And it has been a portion of my effort to engage the thought of American university teachers from the misguided instruction which they had received on this side of the sea. Their American spirit anticipated most of them, as a matter of course, but the form of the thought sometimes misled them. They speak too often of the state as a thing which would ignore the individual; as a thing which was privileged to dominate the fortune of men by a sort of inherent and sacred authority of the war with unabated fury."

"Now, as an utter democrat, I have never been able to accept that view of the state. My view of the state is that it must stop and listen to what I have to say, no matter how humble I am, and that each man has the right to have his voice heard and his counsel heeded in so far as it is worthy of him."

"I have always been among those who believe that the greatest freedom of speech was the greatest safety, because if a man is a fool, the best thing to do is to encourage him to advance the fact by speaking. It cannot be so easily discovered if you allow him to remain silent and look wise, but if you let him speak, the secret is out and the world knows that he is a fool."

"So it is by the exposure of folly that it is defeated; not by the isolation of folly, and in this free air of free speech men get into that sort of communication with one another that constitutes the basis of all common achievement. Hence, through my vicissitudes and through many bitter experiences, found the way this sort of freedom, and now she stands at the front of the world as the representative of constitutional liberty."

BULLOCH FELL SHORT IN VICTORY LOAN

LACKED HUNDRED THOUSAND DOLLARS OF RAISING HER ENTIRE APPOINTMENT.

At the close of the Victory Loan campaign Saturday night, Bulloch's subscriptions lacked an even hundred thousand dollars of coming to the mark set for her.

She had subscribed for \$157,000, and her quota was \$257,200.

It may be said, however, that the amount subscribed is greater than had been expected by those familiar with conditions.
